

## AGE DEFINANCE PACKAGE

### VITAMIN C SERUM w/CAFFEINE

***The increase in collagen and elastin only takes place if Vitamin C is present in the skin.*** This excellent anti-aging is a highly concentrated Vitamin C Serum with proven antioxidant and regenerative properties to help fight and repair signs of aging by building collagen and elastin. It is a great way to WAKE UP your skin.

#### Usage Instructions:

Dispense four to ten drops into palm of hand, and pat over face and neck after cleansing and toning.

### VITAMIN A SERUM

***Get real, visible results quickly.*** The natural nutrients are effective in protecting the skin from aging and helps rejuvenate and nourish the skin for better skin-balance and appearance.

#### Usage Instructions:

Before bed, dispense four to eight drops into palm of hand, and pat over face and neck after cleansing and toning.

### PLASTIC SURGERY

***Our #1 Best Seller!*** Plastic Surgery in a bottle is a thick, rich moisturizing lotion to be used at bedtime. It is formulated with an exclusive selection of natural extracts and oils that firm and soften the skin.

#### Usage Instructions:

Dispense a small amount onto finger and apply to face and neck before bedtime. This can be applied after the Vitamin A Serum for best results.

***TIP: As our hands can often show early signs of aging, apply a drop of Vitamin C and a drop of Vitamin A with a drop of Plastic Surgery to back of hands and rub together, you can see immediate results.***
