## Natural Radiance™

## Vitamin D3 Crème

Available in 2 and 4 ounce pump bottles

Vitamin D is often referred to as the "sunshine vitamin" because your body naturally produces Vitamin D when it's directly exposed to the sun. Our natural skin cream containing Vitamin D3 absorbs through the skin easily and is a great complement to sunscreen! It's easy to get the smooth glowing skin that you desire, just the way nature intended. Increase your energy levels, stamina and improve endurance with Vitamin D3 skin cream. It also works to prevent obesity, reduce depression, promote bone health and support a healthy immune system.

Getting a sufficient amount of Vitamin D is important for normal growth and development of bones and teeth, as well as improved resistance against certain diseases.

**Suggested Application:** 4 pumps equals about 1.2 ml or 1/4 teaspoon. This is about 5,000 IU of Vitamin D3.

**Ingredients:** Purified water, Carthamus tinctorius (Safflower) seed oil, Vitamin D3 (Cholecalciferol), Aloe barbadensis (Aloe Vera gel extract), Sepigel 305 (polyacrylamide, C13-14 isoparaffin, laureth-7), Cannabis sativa (Hemp) seed oil, Oenothera biennis (Evening primrose) oil, Prunus armeniaca (Apricot) kernel oil, Vitis vinifera (Grape) seed oil, Tocopherol (Vitamin E) oil, Potassium Sorbate, Sorbic acid.
